*"Achieving Excellence through Education"*

March 18, 2012

Dear Community Member,

The *Circuit Breakers*, El Dorado Union High School District's Robotics Team, is seeking sponsorships to attend the **FIRST (For Inspiration and Recognition of Science and Technology) Robotics Competition Championships in St. Louis, Missouri on April 25-28, 2012.**

Our team is one of 2,365 teams competing worldwide. The Circuit Breakers, along with two other teams on our alliance, recently won the Sacramento Regional Competition! Winning advances the alliance to Championships. This is a significant accomplishment for a team that is only in its third year of existence. Going to Championships is a tremendous opportunity for our team but we now need to raise more than \$40,000 in order to send our whole team to the upcoming competition and provide them with this life-changing experience.

*Circuit Breakers* consist of 31 high-energy, ambitious students from local high schools (Union Mine, El Dorado, Ponderosa, Shenandoah, and Oak Ridge) and 10 passionate, knowledgeable mentors who donate their time and skills. Students learn a variety of valuable skills from their participation, such as project planning and management, teamwork, engineering design, electronics, programming, mechanics, and lots of problem-solving and decision-making under pressure! Our robotics team is the only hands-on engineering learning opportunity at the high school level in the entire county and it is all done as an extra-curricular activity.

Please see the links below for more information:

Please contact Charlotte Lindborg, Team Coordinator with questions: [clindborg@eduhsdrobotics.org](mailto:clindborg@eduhsdrobotics.org), or (530) 409-4990. Donations can be made by check, payable to "EDUHSD Robotics" mailed to EDUHSD Robotics Team, Shenandoah High School, 6540 Koki Lane, El Dorado, CA, 95623, or online at our district website, [www.eduhsd.net](http://www.eduhsd.net) (select Pay Schools, then Robotics Team – any school is fine).

For more information, please visit:

[www.usfirst.org](http://www.usfirst.org) to learn about **FIRST Robotics Competition**  
[www.eduhsdrobotics.org](http://www.eduhsdrobotics.org) to meet our team, the *Circuit Breakers*
